To make it easier to find what you're looking for, the content of the Member Site is organized into Topics.

After clicking on the topic you're interested in, you'll see all the content that has been posted using that particular topic.

We've used the 'News & Announcements' topic as our example.

Use the drop boxes to sort content, or scroll down to see all posts.

The screenshot shows a social media interface for a topic named "News & Announcements". At the top, it says "TOPIC" and "News & Announcements" with a green plus icon. Below this is a subtitle: "Check here for the latest updates regarding the VBMA and all our offerings." A row of ten circular profile pictures represents members who follow the topic. Below the profiles is a text input field with a plus icon and the placeholder text "Share what's on your mind...". Underneath the input field are two dropdown menus: "SHOWING EVERYTHING" and "SORTED BY LAST ACTIVITY". The main content area shows a post by "Amy Keane" (Host) titled "VBMA Annual Herbwalk". The post text reads: "The 2022 VBMA Annual Herbwalk will be held on September 9th, 2022 in conjunction with the AHVMA Annual Conference & Exhibition at the Palm Beach County Convention Center, 650 Okeechobee Blvd, West...continue". At the bottom of the post, there are two buttons: "Article" and "News & Announcements", followed by "Posted 1mo ago". Below the post are icons for a heart (1) and a comment bubble (2).

These are the Members who follow this topic.

You can make a Quick or Article post here. The News & Announcements Topic will be automatically selected for you, as shown below.

The screenshot shows a social media post creation interface. At the top, there is a row of ten circular profile pictures. Below the profiles is a text input field with a plus icon and the placeholder text "Share what's on your mind...". To the right of the input field is a dropdown menu with the text "Posting to VBMA Member Web..." and a button labeled "News & Announcements".

You'll only see highlights from Member Site topics on your dashboard. If you want to be sure you see all the posts in a particular topic in your dashboard feed, you can follow it.
